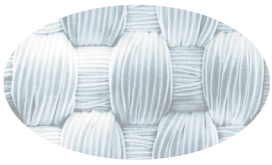
AP Low Aspect

There are many different experiences cruising sailing has to offer, from a day on the bay to a weekend away, even an open passage. For those that really want to reach beyond the horizon, to taste the Blue Water, there is only one brand of sailcloth to rely on - Dimension-Polyant's AP Low Aspect.

The AP Low Aspect is made with high tenacity fibers to create our premium crosscut construction material. This provides maximum strength and low elongation in the primary direction as well as excellent bias stretch resistance. The AP Low Aspect's consistent construction methods deliver superior performance through its stability, and durability, with a sail shape that will last and last.

AP Low Aspect sailcloth incorporates Dimension-Polyant's premium UVI technology coating. Comparison tests have shown that there is no polyester woven sailcloth which has greater UV stability, durability or longevity.

As you plan your next adventure, consider the comfort and peace of mind that accompanies the sound decision of choosing the most durable woven polyester on the market.



The leading sailcloth manufacturer. Innovation since 1966

GENERAL NOTE

All suggestions are based on our worldwide experience with sailcloth applications. Please note that the recommendations are meant as guidelines. You should consider, when making your choice, if the sail will be used in a particular heavy or light wind area.

Neither Dimension-Polyant nor any of its affiliates assume any liability for special, incidental or consequential damages due to the recommendation given.

UVi® is utilized on all premium woven fabrics. It is an integral part of our finishing process and provides a significantly increased UV stability. Look for the UVi® logo.

UVi® TECHNOLOGY

HIGHEST QUALITY FROM THE START

Dimension-Polyant ensures the highest performance by selecting superior fibers, developing custom adhesives, and using only premium films.

IN-HOUSE MANUFACTURING

Dimension-Polyant is the only producer of high quality sailcloth in the world with its own in-house manufacturing. Sailcloth is our heritage. We maintain the highest quality with our customized equipment for weaving, finishing and laminating.

CONTINUOUS INNOVATION

Dimension-Polyant has the most dedicated R&D team, state-of-the-art facilities, and preferred access to the newest fibers, chemicals and components. Together with German and American engineering, these allow us to set the standard with new developments.

We continually seek to find both sustainably sourced and recycled materials to reduce our impact on the planet.

GLOBAL REACH

Our worldwide distribution and technical support network makes Dimension-Polyant the perfect partner for your sailmaker.
