FLEX[®] BLACK

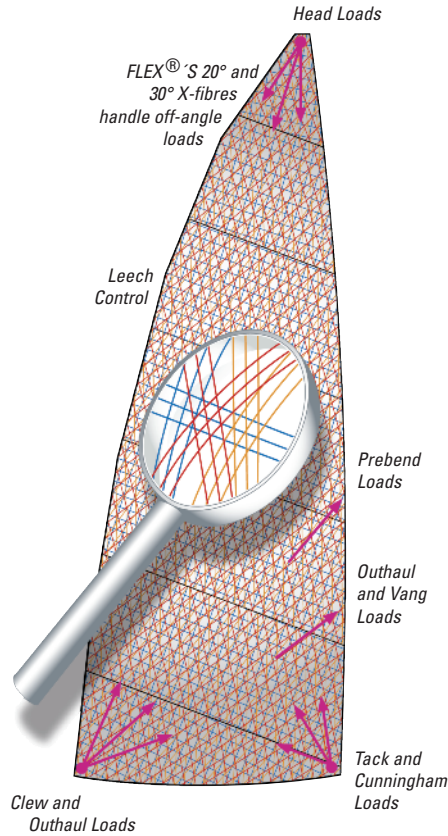

FLEX[®] Black Technora[®] Black Cross Cut Laminate

The new FLEX[®] Black line incorporates Technora[®] Black Yarn in our sophisticated FLEX matrix of base 0-90° scrim and off angle yarns. All four styles demonstrate excellent fill performance for crosscut applications while adding durability, impact resistance and UV degradation. FLEX[®] Black is recommended as an alternative to the FLEX[®] Aramid styles for racers looking for the added value of increased longevity.
