

DIMENSION-POLYANT

The Sailcloth Producer

FLEX[®] Black Technora[®] Black Cross Cut Laminate – The new FLEX[®] Black line incorporates Technora[®] Black Yarn in our sophisticated FLEX matrix of base 0-90° scrim and off angle yarns.

All four styles demonstrate excellent fill performance for crosscut applications while adding durability, impact resistance and UV stability. FLEX[®] Black is recommended as an alternative to the FLEX[®] Aramid styles for racers looking for the added value of increased longevity.
