

ODL

Our One Design Laminates are serious powerhouses. Knowing that the wide variety of different loads are the main challenge to be answered in One Design Racing, Dimension-Polyant has developed laminates produced with Technora® in the warp and fill achieving a unique strength and durability. Guided by the high performance demands of our clients, we combined an extra wide X-PLY® angle of 22° with Technora® Black as X-PLY® to achieve a unique and leading line representing state-of-the-art performance One Design Laminates. A closer look at its features tells you why: ODL guarantees extremely low stretch and shows an outstanding shape holding durability. ODL is the synonym for the scrim version of a successful Grand Prix sail stamped by Technora's® best characteristics.

GENERAL NOTE

All suggestions are based on our worldwide experience with sailcloth applications. Please note that the recommendations are meant as guidelines. You should consider, when making your choice, if the sail will be used in a particular heavy or light wind area.

Neither Dimension-Polyant nor any of its affiliates assume any liability for special, incidental or consequential damages due to the recommendation given.

HIGHEST QUALITY FROM THE START

Dimension-Polyant uses only performance high tenacity fibers, custom-developed chemicals as well as premium films from qualified suppliers.

IN-HOUSE MANUFACTURING

Dimension-Polyant is worldwide the sole producer of high quality sailcloth with its own in-house manufacturing. As sailcloth is our only product we have invested in customized equipment for weaving, finishing and laminating.

CONTINUOUS INNOVATION

Dimension-Polyant has the most dedicated R&D team, the state-of-the-art facilities and preferred access to the newest fibers, chemicals and components. Together with German and American engineering this provides the base for trend setting developments.

GLOBAL REACH

Our worldwide distribution and technical support network makes Dimension-Polyant the perfect partner for your sail-maker.
