

SICEN

PX Sport

PX Sport extends the Lite Skin® range into the growing market of performance cruising boats with large mainsails, non-overlapping headsails and modern rigs. While Lite Skin® is no substitute for the more robust taffeta based cruising styles, Lite Skin® offers an attractive alternative to the keen sailor that wants a performance cruising or club racing sail with a hint of racing heritage.

The PX Sport utilizes high tenacity polyester scrim and X-PLY® fibres in conjunction with the external Lite Skin® finish resulting in a soft hand for simple sail handling and reduced water absorption suitable for modern sail plans.

The leading sailcloth manufacturer. Innovation since 1966

GENERAL NOTE

All suggestions are based on our worldwide experience with sailcloth applications. Please note that the recommendations are meant as guidelines. You should consider, when making your choice, if the sail will be used in a particular heavy or light wind area.

Neither Dimension-Polyant nor any of its affiliates assume any liability for special, incidental or consequential damages due to the recommendation given.

HIGHEST QUALITY FROM THE START

Dimension-Polyant uses only performance high tenacity fibers, customdeveloped chemicals as well as premium films from qualified suppliers.

IN-HOUSE MANUFACTURING

Dimension-Polyant is worldwide the sole producer of high quality sailcloth with its own in-house manufacturing. As sailcloth is our only product we have invested in customized equipment for weaving, finishing and laminating.

CONTINUOUS INNOVATION

Dimension-Polyant has the most dedicated R&D team, the state-of-the-art facilities and preferred access to the newest fibers, chemicals and components. Together with German and American engineering this provides the base for trend setting developments.

GLOBAL REACH

Our worldwide distribution and technical support network makes Dimension-Polyant the perfect partner for your sail-maker.
